We are particularly pleased that **96%** of parents stated that their child was happy at school, **97%** that their child was safe at school, and **95%** that their child was well looked after by the school. **92%** of parents stated that their child was making good progress, and **92%** that they would recommend the school to another parent. We are also pleased that these results represent a further improvement in parents' perceptions of the school, and of their child's experience here. We also recognise the concerns raised by a minority of parents, and are committed to addressing these throughout the coming year.

We would like to take the opportunity to thank all our parents for their support and commitment throughout the 2015-16 academic year. If you are able, our Parent Forum provides an excellent opportunity to get further involved with the school, and is a body that often consider future developments from a parent's perspective. If you are able to attend, your support for this group would be very much appreciated. You may also be interested in becoming a parent governor.
